

Gymnastics Unlimited, Inc. Xcel Team Trial

Get more gymnastics & take your skills to the next level!

Gymnastics Unlimited invites you to train with our competitive Team for a 1 month trial period.

Our Xcel Team trains moderate hours and has reasonable competition expenses. An Xcel gymnast is able to grow and develop their gymnastics skills in a progressive manner to achieve their potential while competing in the great sport of gymnastics.

Participate in the team trial to determine if this will be a good fit for you. Train with our team and coaches, improving and adding to your skills. This also allows the coaching staff to determine your placement after working with you for awhile. *There will be a team handbook available in June, and also a required parent/guardian meeting with our booster club to discuss the financial side of things. Not sure you can afford this? We have opportunities to fundraise most, if not all, competition costs.*

Who: Girls ages 9-12
